THE Irish People, the leading Irish newspaper of New York, which last week declared for Grant and Colfax, in its issue of Saturday, comes out strongly in opposition to the election of Hoffman as Governor of New York. Hoffman as dovernor of New York. It brings serious charges against Hoffman, and concludes as follows:

"But why multiply instances? From the time when he, as Recorder, tried to fasten the odium of the July riots of 1863 on the Irishmen of New York, by visiting with the highest penalties of the law every poor dupe of his own party's villainy who bore an Irish name, while he left with a caution or discharged as blameless, the ring-leaders who were the hired agents of his friends in the Confederacy and Great Britain—Irom that time until a few weeks ago, when he was charged with the duty of sending a delegation from New York to urge on Congress the necessity of having a law passed for the protection of our citizens abroad, and when he took good care that no such delegation ever presented themselves

protection of our citizens abroad, and when he took good care that no such delegation ever presented themselves in Washington, this man, Hoffman, has never missed an opportunity, we say again and again, of injuring and insulting the Irish people. Therefore, if God spares us life and strength to do it, we shall go to the polls, for the first time in our life, next October, and deposit our protest against the election of Hoffman in the shape of a buildt bearing the name of his opponent, the Honi John A. Griswold.

"With respect to the latter gentleman, we know very little of him; but that little commends him strongly to our our favor. In the list of the black and white sheep we kept during the passage through the House and the Senate of the bill for the protection of our citizens abroad, we find the name of John A. Griswold, of Troy, New York, has received 'honorable mention' as that of a member of Congress who voted for the bill and worked hard to get his brother members to do likewise."

During the honey-moon 'great expectations' were anticipated from this matrimonial alliance, but it is now evident that the nuptials will prove the death-blow of both 'high-contracting parties.' Funeral early in November. Friends (if any) invited without further notice."
